Dear ELPAC User:

The administration of the 2019–20 Summative English Language Proficiency Assessments for California (ELPAC) and the 2020–21 Initial ELPAC will be delivered using the same online test delivery system as CAASPP assessments. The ELPAC website provides a wide range of supports for local educational agency (LEA), site ELPAC coordinators, and ELPAC test examiners on the ELPAC Student Accessibility Resources web page. This web page will help coordinators and test examiners ensure that students who have specific learning needs and who may require accessibility resources can fully engage and demonstrate mastery of skills while taking the ELPAC.

These resources ensure that the ELPAC is fully accessible for all students, including those with disabilities. To better serve the students, information is provided that includes the following topics:

- Universal tools
- Designated supports
- Accommodations
- Additional student accessibility information and resources

Site ELPAC coordinators and test examiners can contact the LEA ELPAC coordinator with questions about ELPAC accessibility resources. LEA ELPAC coordinators can direct questions to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
