Introduction to the Practice Test Scoring Guide

This English Language Proficiency Assessments for California (ELPAC) Practice Test Scoring Guide offers details about the items, student response types, correct responses, and related scoring considerations for the included samples of practice items. The Practice Test gives students, parents and families, teachers, administrators, and others an opportunity to become familiar with the types of test questions included on the ELPAC. When students know what to expect on the test, they will be better prepared to demonstrate their English language proficiency. The Practice Test includes examples of all of the types of questions that may appear in the actual assessment and includes the full number of questions that appear on the assessment. As with the operational test, there are no duplicate questions across grades/grade spans on the Practice Test. The Practice Test items cover a selection of items from performance expectations in grades kindergarten through grade twelve (K–12).

This scoring guide should be used alongside the online Practice Tests, which can be accessed at http://elpac.org/resources/online-practice-and-training-test/. The following information is presented for each item:

**Item:** The item number in the table corresponds to the sequence number of the item as it appears in the Practice Test.

**Key:** The expected student response including score point value. Constructed-response items also show an explanation of what is needed to receive a score at each score point (rubric) and a sample response from a student (exemplar).

**Task Type and Topic:** Each task type is an activity that was designed to gather targeted evidence of a student's language proficiency (e.g., “Listen to a Short Exchange”). A task type may include a single item or a set of items. Each item or set of items is about a topic, such as a favorite celebration, a math assignment, or evaporation.

**Primary Alignment:** The items are primarily aligned with the 2012 English Language Development (ELD) Standards; many items (especially Speaking and Writing items) also have secondary alignment to additional standards, but the secondary alignments are not listed in the Practice Test Scoring Guide metadata.

**Targeted Performance Level Descriptor (PLD):** The Summative ELPAC General PLDs (2019) describe the English language proficiency of a typical student at each of the four performance levels based on the expectations of the 2012 ELD Standards. This document provides each item’s targeted PLD(s), which are the PLDs at which the item is designed to gather evidence. An item may target evidence at a single PLD or across a span of PLDs. Speaking and Writing items often target the full span of PLDs because the scoring rubrics cover the full range of English language proficiency.

Each item has a metadata table as shown. Metadata contains specific information on the alignment of the item to the ELD Standards. The item number in the table corresponds to the sequence number of the item as it appears in the Practice Test.

**2 points**

**Exemplar:**

“A library.”

[Examiner: How do you know?]

“Because there’s a lot of books and laptops.”

**Rubric:**

- Response is relevant.
- Errors in grammar, pronunciation, or intonation do not impede meaning.

**1 point**

**Exemplar:**

“The library.”

[Examiner: How do you know?]

“A library.”

**Rubric:**

- Response is limited or partially relevant.
- Errors in grammar, pronunciation, or intonation impede meaning.

**0 points**

**Exemplar:**

“Room.”

[Examiner: How do you know?]

Rubric continues on the next page
“I don’t know.”

Rubric:

- Response is not relevant.
- Response contains no English.
- No response, “I don’t know,” or is completely unintelligible.
Exemplars and rubric for item 5:

**2 points**

**Exemplar:**

“Hey, Mom, can I please go out with my friends this Friday?”

**Rubric:**

- Response appropriately addresses the language function in a clear way. No listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation do not impede meaning.

**1 point**

**Exemplar:**

“Umm, I would say to my parents, can I go with my friends?”

**Rubric:**

- Response addresses the language function in a limited way. Listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation impede meaning.

**0 points**

**Exemplar:**

“I need to go.”

**Rubric:**

- Response does not address the language function.
- Response contains no English.
- No response, “I don’t know,” or is completely unintelligible.
Exemplars and rubric for item 6:

**2 points**

**Exemplar:**
“Do you know what time the school play starts?”

**Rubric:**
- Response appropriately addresses the language function in a clear way. No listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation do not impede meaning.

**1 point**

**Exemplar:**
“When is the game?”

**Rubric:**
- Response addresses the language function in a limited way. Listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation impede meaning.

**0 points**

**Exemplar:**
“Let’s go to the play.”

**Rubric:**
- Response does not address the language function.
- Response contains no English.
- No response, “I don’t know,” or is completely unintelligible.

#### Exemplars and rubric for item 9:

**3 points**

**Exemplar:**

“The line graph shows that from year one to, year three the number of students dropped from 90, or almost like a hundred, to 85, but then in the other years, like four and after, the number increased, number enrolled, yeah.”

**Rubric:**

- Response answers the question, including a mostly clear and accurate description of information in the graph/chart. Little to no listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation do not impede meaning.
- Speech is fairly smooth and sustained.

**2 points**

**Exemplar:**

“Umm, in the line graph show like of the students of geometry like depends of the year, like in year one the students like, umm, go to 100 and does go like increase. Then come down in the year three decrease and like go up and down.”

**Rubric:**

- Response includes a limited description of information or partially accurate information in the graph/chart. Listener effort may be required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation occasionally impede meaning.
- Speech may be slow, choppy, or halting.

1 point

Exemplar:

“It started with a lot of people started joining and then not that much people in the next two years. So then more people throughout the years started joining because it was more fun.”

Rubric:

• Response may include information in the graph/chart, but contains little relevant or accurate information. Significant listener effort may be required to interpret meaning.
• Errors in grammar, word choice, pronunciation, or intonation often impede meaning.
• Speech may consist of isolated word(s) or phrase(s) related to the graph/chart.

0 points

Exemplar:

“I don’t know.”

Rubric:

• Response is not relevant.
• Response contains no English.
• No response, “I don’t know,” or is completely unintelligible.
### Exemplars and rubric for item 10:

**3 points**

**Exemplar:**

“Uhh, the following claim is not supported based on the information in the line graph because in year three there was around 85 students and then in year one there was 90 students.”

**Rubric:**

- Response uses relevant information and accurate details from the graph/chart to demonstrate whether the claim is supported or unsupported. Little to no listener effort is required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation do not impede meaning.
- Speech is fairly smooth and sustained.

**2 points**

**Exemplar:**

“Umm, I disagree because there is more kids in year one because it was 100 than the year three because it’s only 85 percent.”

**Rubric:**

- Response includes limited or partially accurate information from the graph/chart that demonstrates whether the claim is supported or unsupported, and the response may lack detail and clarity. Listener effort may be required to interpret meaning.
- Errors in grammar, word choice, pronunciation, or intonation occasionally impede meaning.
- Speech may be slow, choppy, or halting.

Rubric continues on the next page
Rubric continues from previous page

1 point

Exemplar:

“Uhh, more students enroll, were enrolled in geometry in six years, in six years than six one, uhh (unintelligible).”

[Examiner: Is the claim supported or not supported based on the information in the line graph?]“Uhh, not supported.”

Rubric:

• Response may include information from the graph/chart but does not demonstrate whether the claim is supported or unsupported or may lack understanding of the graph/chart or claim. Significant listener effort may be required to interpret meaning.
• Errors in grammar, word choice, pronunciation, or intonation often impede meaning.
• Speech may consist of isolated word(s) or phrase(s) related to the graph/chart or claim.

0 points

Exemplar:

No response.

Rubric:

• Response is not relevant.
• Response contains no English.
• No response, “I don’t know,” or is completely unintelligible.
Exemplars and rubric for item 11:

4 points

**Exemplar:**

“Regelation is when you have an ice cube and you put pressure on it. But when it, when, say the wire, say you have a wire and you have a weight going through it. It'll start to go through, but it's, it'll start to melt. But it's cold and it'll start to refreeze over it making a cloudy mark. So it looks like it's still there, like it's stuck, but it's slowly going down while it's refreezing.”

**Rubric:**

- A full response includes a clear summary of the main points and details of the presentation.
- Ideas are cohesive and connected.
- Grammar and word choice are varied and effective; errors do not impede meaning.
- Pronunciation and intonation do not impede meaning.
- Speech is usually smooth and sustained.

3 points

**Exemplar:**

“Regelation is something that happens to ice when, that causes it to melt and refreeze by the pressure called the narrow zone. And basically the amount of pressure on the wire or what, the wire that was, it was using, umm, caused the wire to move slowly but still make it look frozen and refreeze. And, umm, by the time the wire reached the bottom of the ice it was completely frozen but left the marking to where it was.”

[Examiner: What else can you tell me about what you heard?]

“Umm, that, that the ice refreezes as the wire's melting and it still moves as it's freezing.”

Rubric continues on the next page
Rubric continues from previous page

Rubric:
• Response includes a mostly clear summary of some of the main points of the presentation with partial/basic details.
• Ideas are usually cohesive and connected.
• Grammar and word choice are adequate; errors occasionally impede meaning.
• Pronunciation and/or intonation occasionally impede meaning.
• Speech is fairly sustained, though some choppiness or halting may occur.

2 points

Exemplar:
“So on this picture it OK. So picture 2 looks like the wire is like stuck in the ice cube. It’s not slowly, it’s like slowly going through the ice cube. Then picture, wait, no. I actually messed up.”

[Examiner: It’s OK. Do your best.]

“Umm, picture 3, the wire looks like it’s stuck inside the ice cube, but so it’s slowly going through the ice cube. Then picture 2, the weights are not with the ice cube. The wire is making the weights like going like halfway, you know, and then like it’s like, it looks like it’s stuck.”

Rubric:
• Response includes a partial summary of at least one of the main points of the presentation and may lack an understanding of the main points.
• Ideas are sometimes cohesive and connected.
• Grammar and word choice are simple and repetitive; errors often impede meaning.
• Pronunciation and/or intonation often impede meaning.
• Speech may be slow, choppy, or halting.

1 point

Exemplar:
“The metal started going through. The ice started melting and refrozen. It’s just like science, confusing.”

[Examiner: What else can you tell me about what you heard?]
No response.

Rubric:
• Response includes an attempt to reference the presentation/picture but conveys little relevant information.
• Ideas are rarely cohesive and connected.
• Grammar and word choice are limited and impede meaning.
• Pronunciation and/or intonation often impede meaning.
• Speech may consist of isolated word(s) or phrase(s) related to the picture.

0 points

Exemplar:
“I don’t know.”

Rubric:
• Response is not relevant.
• Response contains no English.
• No response, “I don’t know,” or is completely unintelligible.

Notes:
• Minor factual inaccuracies or omissions are acceptable as long as the student expresses a clear summary of the presentation.
• Do not penalize for mispronunciation of any word that does not interfere with meaning.
### Exemplars and Rubric for Item 12:

#### 4 points

**Exemplar:**

“OK. So first off, it starts as a bill, which is an idea for a law. And then it must be... it must be supported by a lot of people, mainly senators, and, plus, once it is, it is taken to... it needs to be approved by both... both sides of the California government, the California Assembly and... the California State Assembly and the California State legislature. I forgot how to say it. Once it’s approved by both and supported, it is then sent to the California State governor. He or she makes... decides whether or not it should be passed or not. If it is, then it is enforced above... of California. And if not, it does not become a law for the state. And I think that he is all.”

**Rubric:**
- A full response includes a clear summary of the main points and details of the presentation.
- Ideas are cohesive and connected.
- Grammar and word choice are varied and effective; errors do not impede meaning.
- Pronunciation and intonation do not impede meaning.
- Speech is usually smooth and sustained.

#### 3 points

**Exemplar:**

“OK. So how a bill b... how a bill becomes a law, a bill is a... is an ideal for a law. For a bill to become a law, it must be approved. So it must be... a bill must be sponsored or like it has to go through the assembly, it has to go through the senate, and then it goes through the governor. If it’s signed by the governor, it is approved as a law.”

Writing

Exemplars and rubric for item 6:

4 points

Exemplar:

“I think it is not a good idea to have a fall break. First of all, there are already so many holidays when we don't have classes. A two-week break during October would mean more time out of class. That means students might forget what they learned before the break or struggling to catch back up after the break.

Secondly students would have to go school an extra two weeks at the end of the year and that will take away from their summer. This descision could affect the student's family also. Students may have vacation plans with there parents or work summer jobs. That's why I think it is not good idea. Please think carefully for all students.”

Rubric:

• The response successfully expresses an opinion (grades three through five) or states a position (grades six through twelve) and provides relevant and detailed support.
• The response is readily coherent.
• Grammar and word choice are varied and effective.
• Minor errors in spelling/keyboarding and punctuation may be present but do not impede meaning.
• For grades three through five: The response includes at least two reasons that support the opinion, typically using three or more sentences.
• For grades six through twelve: The response includes at least two reasons that support the position, typically using six or more sentences.
• For grades nine through twelve: Register is appropriate.
