Subject: ELPAC: Preparing for the Computer-based ELPAC Technology Requirements

Dear LEA ELPAC Coordinator:

Beginning with the administration of the fall 2019 computer-based English Language Proficiency Assessments for California (ELPAC) field test, and continuing with the 2019–20 Summative ELPAC and 2020–21 Initial ELPAC, the ELPAC will be delivered through the same online test delivery system as the California Assessment of Student Performance and Progress (CAASPP). To make sure the technology in your schools is ready for this transition, please read the new web document, [Preparing for the Computer-based ELPAC Administration Technology Requirements](#). This web document is available under the “Resources for ELPAC Coordinators” section of the [ELPAC Resources](#) web page on ELPAC.org.

Questions about the computer-based ELPAC can be directed to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
