**Subject:** Initial ELPAC: 2020-21 Directions for Administration Updates

Dear LEA ELPAC Coordinator:

There has been a recent change to the 2020–21 Initial ELPAC **Grades 9–12 Listening, Speaking, Reading, and Writing Directions for Administration (DFA)**. As a result, the updated PDF file was reposted in the [Test Operations Management System](#) on September 8, 2020.

Local educational agencies (LEAs) that have already downloaded the *Grades 9–12 Listening, Speaking, Reading, and Writing DFA* PDF should note that the answer key on page 17 in the “Beginning the Listening Test” section was updated. LEAs should either download the updated file (and then securely destroy any existing electronic files); cross out and replace the incorrect information on the answer key with the correct information on an existing printed copy; or reprint page 17 (if one-sided printing was used) or pages 17 and 18 (if two-sided printing was used).

The [ELPAC Known Issues Log](#) web page has been updated to include this change to the Initial ELPAC *DFA*.

LEA ELPAC coordinators can direct questions about Initial ELPAC administration to CalTAC, by phone at 800-955-2954 or by email at [caltac@ets.org](mailto:caltac@ets.org).

Sincerely,

California Technical Assistance Center
