What is the Summative Alternate ELPAC?

The Summative Alternate ELPAC is given to English learners and measures their English language proficiency skills. The test allows students with the most significant cognitive disabilities to use their preferred communication modes to respond to receptive (listening and reading) and expressive (speaking and writing) items.

Intermediate English Learner

Overall Score 650

What Students Can Do At Each Level

Fluent English Proficient—LEVEL 3 (660–699)

Students at this level have sufficient English skills to communicate and learn in school. They may need occasional help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.

Intermediate English Learner—LEVEL 2 (644–659)

Students at this level can sometimes use English to communicate and learn in school. They may need frequent help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.

Novice English Learner—LEVEL 1 (601–643)

Students at this level are beginning to develop the English skills they need to communicate and learn in school. They may need substantial help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.

Your child scored at Level 2.

The results of the Summative Alternate ELPAC indicate that **Fort will have to take the Summative Alternate ELPAC each spring until reclassified.** We encourage you to review the results of this test with your child’s teacher and other members of your child’s individualized education program team to determine next steps.
